EYFS Newsletter

Welcome back to our third and final term in Reception! Where has the time gone? We have had such a busy week but it has been lots of fun and the children have settled back in beautifully.

What could we grow in our garden?

Our Big Question this week has been 'What could we grow in our garden?' We have discussed how plants can grow and have planted our own cress seeds so we can make observations first hand. We have spoken about the different parts of a plant including the roots!

Mathematics

In Maths this week the children have been learning how to count on to add rather than counting all objects from the two groups. We have done this in lots of different practical ways such as counting on from 5 using our fingers, using ten frames and counters and on a number line.

In our Maths fluency sessions we have been refining our work on careful counting by applying our knowledge to bigger numbers. We have shared a number of ways to deal with counting larger quantities like lining the objects up or moving them as we count.

Reading

You may have noticed some new reading material in your child's book bag this week as children have been placed in new phonics groups following our latest progress check. Please do record any comments in your child's reading diary each time you read at home with them. We do value your feedback on how they are getting on at home and review your comments when we change their books- thank you.

Kenyon Hall Farm

A reminder that our next trip will be to Kenyon Hall Farm on the 2nd of May where we will be participating in a growing and planting workshop as part of our current topic. If you have not yet completed the Evolve and cannot access it, please let us know.

PLEASE NOTE THE CORRECTION TO THIS HALF TERM'S PE DAYS.
EYFS WILL DO PE ON A WEDNESDAY AND FRIDAY.

Thank you for all of your support, the children are coming on brilliantly and we are looking forward to making lots of memories this term!

DISCO

Following our successful fundraising efforts we have decided to use some of the money we have raised to hold a disco for the children in the school hall. Due to the number of children in school these will be held as three separate events. If the children would like to attend we are asking for you to contribute £1 towards the cost of refreshments and the DJ. By making the payment this will enable your child's name to be added to the register for the event.

The KS1 and Year 3/4 disco will be held straight after school and the children should bring their party clothes with them to school on the day of the event. They will then get changed in their classes straight after school before attending the disco at 3.30pm-5.00pm.

They will need to be collected by an adult.

The Year 5/6 disco will be held later in the evening and the children will leave school at the normal time before returning to school at 5.30pm - 7pm.

The children do not need to bring any money with them as refreshments will be provided as part of the cost of the ticket. £1 should be paid on the school gateway system to book your child's place at their age phase disco.

THURSDAY 25TH MAY

MULTIPLICATION CHAMPION

Multiplication Challenge

Children in Year 4 need to complete a Multiplication Tables Check during the Summer 2nd Half Term.

Multiplication facts are needed in virtually all other areas of Mathematics therefore the more confidently children can recall these facts the easier they will find their Mathematics lessons as a barrier to learning is removed.

TO SUPPORT YEAR 4 IN THEIR QUEST TO RAPIDLY RECALL THEIR MULTIPLICATION FACTS WE WILL BE HOLDING A KS2 MULTIPLICATION CHALLENGE OVER THE NEXT THREE WEEKS.

PLEASE ENCOURAGE YOUR CHILD TO USE MATHS SHED ON A NIGHTLY BASIS TO PRACTICE THEIR MULTIPLICATION TABLES.

This can be found on Maths Shed. Click on Times Tables – your child can practice specific times tables that they do not know or attempt to improve their rapid recall by selecting Y4 MTC.

ON A FRIDAY WE WILL HAVE AN INDIVIDUAL WINNER FROM EACH CLASS FOR THE CHILD THAT HAS THE HIGHEST MATHS SHED SCORE AND A KS2 CLASS WINNER.

WE ARE SEARCHING FOR OUR KS2 MULTIPLICATION CHAMPION FOR KS2!

TOP CLASS = CLASS 4L
TOP SPELLER =
JAMES LATHAM 5L

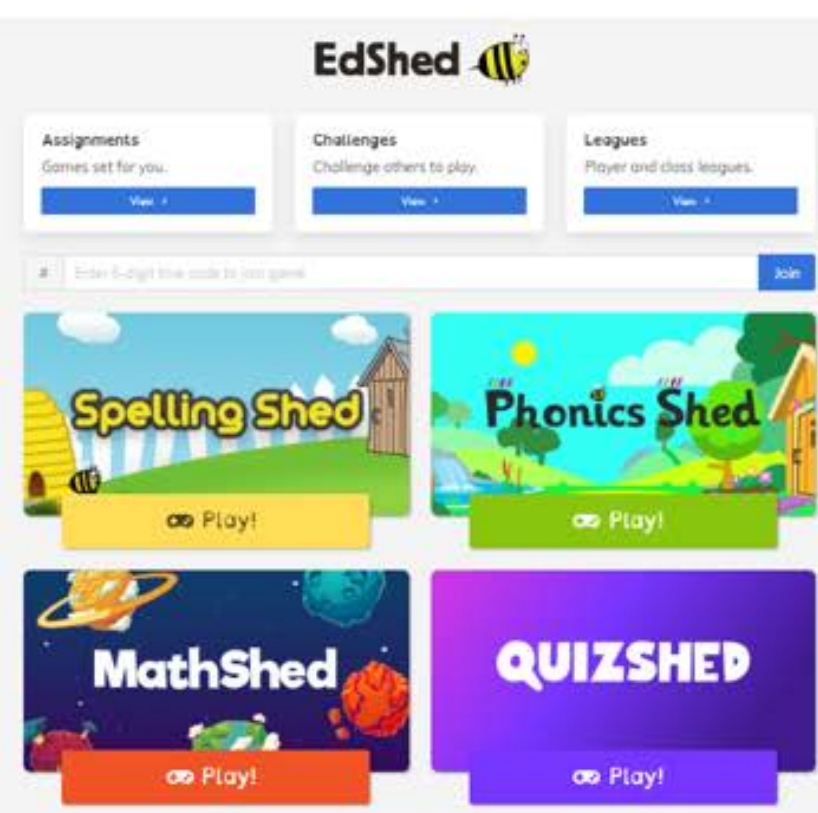

Spelling and Phonics Shed

Just a reminder that the Lunt's Heath PTA have funded a subscription for every child to not only Maths Shed but the platform which also includes Spelling and Phonics Shed.

During lockdown we have found that the children's spelling ability was greatly impacted as it was difficult to teach and test spellings virtually.

Spelling shed allows the children to practice their spellings for their age phase in a fun and interactive way through games.

Encourage your child to log into their account, select Spelling Shed or Phonics Shed. Choose their age phase and then they can choose the game type and level of challenge.
